FIRE ESCAPE ROUTE PLAN

Fire Department Phone Number: _____

Using the graph above, design a fire escape route plan for your office. Create a floor plan of your office including all windows and doors, and clearly label working areas. Label all smoke alarms, which should be located on every floor. Using arrows, plan at least two routes of escape from every room.

Ph: 720-475-0134

As required by OSHA, post at least 2 escape routes in your office.

Fire Safety plans should be reviewed by all staff members, <u>annually</u>.
